I am an ambitious Computer Science graduate with strong programming skills and a passion for technology, currently pursuing a Master of Computer Applications. I am eager to leverage my skills in Machine Learning to solve real-world problems.

ACADEMIC BACKGROUND

Bachelor of Science - VBS Purvanchal University   2019 – 2022

Master of Computer Applications - Babasaheb Bhimrao Ambedkar University   2023 – Present (Expected June 2025)

LANGUAGES & COMPUTER SKILLS

LANGUAGES : Hindi , English

Programming : Python, C++ , SQL, JavaScript

Web Development : HTML, CSS, Node.js, Express.js, Bootstrap, Django

Tools & Platforms : MySQL Workbench, Visual Studio Code, Jupyter Notebook, Git, GitHub

EXTRACURRICULAR ACTIVITIES

CERTIFICATIONS:

- Machine Learning A to Z - Python [Udemy], Completed November 2024 **View**
- C++ programming beginner to advance [Udemy], Completed January 2024 **View**
- Certificate of Accomplishment by Hacker Rank, Python (Basic), Completed 26 march, 2025 **View**

PROJECTS:

- **Face Recognition Attendance System :**   **GitHub Link**

  Developed an automated attendance tracker using Python with TensorFlow and OpenCV to apply machine learning concepts. CSV file as database.

- **Heart Disease Prediction Using Machine Learning Algorithm:**   **GitHub Link**

  Developed a predictive model to determine the likelihood of heart disease in patients using age, gender, heart rate, systolic blood pressure, diastolic blood pressure, ck-mb, troponin, blood sugar. The project aimed to assist healthcare professionals in early detection and intervention by leveraging machine learning algorithms.
